§ 1.117-3 Definitions.

(a) *Scholarship*. A scholarship generally means an amount paid or allowed to, or for the benefit of, a student, whether an undergraduate or a graduate, to aid such individual in pursuing his studies. The term includes the value of contributed services and accommodations (see paragraph (d) of this section) and the amount of tuition, matriculation, and other fees which are furnished or remitted to a student to aid him in pursuing his studies. The term also includes any amount received in the nature of a family allowance as a part of a scholarship. However, the term does not include any amount provided by an individual to aid a relative, friend, or other individual in pursuing his studies where the grantor is motivated by family or philanthropic considerations. If an educational institution maintains or participates in a plan whereby the tuition of a child of a faculty member of such institution is remitted by any other participating educational institution attended by such child, the amount of the tuition so remitted shall be considered to be an amount received as a scholarship.

(b) *Educational organization*. For definition of “educational organization” paragraphs (a) and (b) of section 117 adopt the definition of that term which is prescribed in section 151(e)(4). Accordingly, for purposes of section 117 the term “educational organization” means only an educational organization which normally maintains a regular faculty and curriculum and normally has a regularly organized body of students in attendance at the place where its educational activities are carried on. See section 151(e)(4) and regulations thereunder.

(c) *Fellowship grant*. A fellowship grant generally means an amount paid or allowed to, or for the benefit of, an individual to aid him in the pursuit of

study or research. The term includes the value of contributed services and accommodations (see paragraph (d) of this section) and the amount of tuition, matriculation, and other fees which are furnished or remitted to an individual to aid him in the pursuit of study or research. The term also includes any amount received in the nature of a family allowance as a part of a fellowship grant. However, the term does not include any amount provided by an individual to aid a relative, friend, or other individual in the pursuit of study or research where the grantor is motivated by family or philanthropic considerations.

(d) *Contributed services and accommodations*. The term “contributed services and accommodations” means such services and accommodations as room, board, laundry service, and similar services or accommodations which are received by an individual as a part of a scholarship or fellowship grant.

(e) *Candidate for a degree*. The term “candidate for a degree” means an individual, whether an undergraduate or a graduate, who is pursuing studies or conducting research to meet the requirements for an academic or professional degree conferred by colleges or universities. It is not essential that such study or research be pursued or conducted at an educational institution which confers such degrees if the purpose thereof is to meet the requirements for a degree of a college or university which does confer such degrees. A student who receives a scholarship for study at a secondary school or other educational institution is considered to be a “candidate for a degree.”
